## SAN FRANCISCO NOW UNDER MARTIAL LAW

### "Do Not Be Afraid of Famine" Says Mayor---His Proclamation.

**RELIEF DEPOTS ESTABLISHED--TRAIN LOADS OF SUPPLIES  
ARRIVING--FIRES STILL BURNING, BUT WATER SUPPLY  
IMPROVING--CONGRESS ASKED TO CONTRIBUTE \$1,500,000  
MORE--THE GENEROSITY OF THE COUNTRY WILL BE  
TAXED--NECESSITY FOR AND PLAN OF RELIEF STU-  
PENDOUS--PEOPLE EVERYWHERE RESPONDING GENER-  
OUSLY--SANITARY PRECAUTIONS BEING TAKEN.**

Our latest advices from San Francisco are to the effect that order is being restored, organization is being effected, the wants of the sufferers attended to, and the wounded are being tenderly cared for. The fearful touch of nature has made the whole world kin. The sorrow in our farthest West finds ready response in every human heart, and all around the restless earth the purse strings are loosed for the benefit of the victims of the terrible holocaust. Confidence is being restored, wealth and encouragement are flowing in upon the stunned people, and soon they will be able to rebuild their lost city and towns. San Francisco will rise from her ashes, and robed in beauty of new birth, resume her proud position on the shore of the great ocean more lovely and more magnificent than before.

#### Under Martial Law.

San Francisco, April 21.—For the first time in its history, San Francisco has had its taste of martial law. When darkness fell upon the desolated city every inhabitant of the houses that were left standing groped about their homes in darkness, the survivors of the terrible calamity cooking their suppers on fires built in front of their homes.

The wind fanned many of the fires into hasty blazes, and for a time it looked as if many new fires would be started. But police orders were issued that all fires must be put out, and with a score of soldiers and assistants, the building of fires in front of houses was summarily suppressed.

In all of the homes left standing no lights were allowed to be burned. In places where persons lit their lights, contrary to the orders of the police, the militia citizens formed and forced the occupants to extinguish them. The only exception was in the cases of hospitals. Soldiers patrolled the streets, and no citizen was allowed to pass from one block to the other, except by written permission of the chief of police.

#### \$1,500,000 More.

Washington, April 21.—Secretary Taft presented the need for an additional appropriation for the San Francisco fire sufferers to the house committee on appropriations this morning, suggesting that \$1,500,000 more should be appropriated. To this the committee readily assented, and the appropriation will be made today. The secretary explained that a special message from the president, together with a letter of detail from himself, was on its way to congress.

#### All Fed.

Dr. Vorsanger, chairman of the committee to feed the hungry, reported that everything possible was done to provide for order for the population, and that not a hungry soul existed in San Francisco last night. There was no trouble in the distribution of the food nor in procuring it, and in quantity and quality it was satisfactory. At the Y. M. C. A. building on Page street and at the Park lodge thousands were fed from morning to night, all kinds of provisions and clothing, meat, vegetables, bread, canned goods, tea and coffee, and the like were handed out in abundance, not a soul being turned away. Dr. Vorsanger appeals to all citizens who own teams of horses to come to the front with them at once, as the committee has experienced quite a little difficulty in moving the supplies.

This morning 150 Stanford students traversed the various districts of the city and handed out supplies from door to door, and at the same time additional stations were established. Twenty carloads of foods of various kinds reached here this morning. The McNear mills announced that they will send 5,000 pounds of flour a day from now on.

**Proclamation.**  
Mayor Schmitz has issued the following proclamation, which citizens are intended to observe: "Do not be afraid of famine. There will be abundance of food supplied. Do not use any water, except for drinking and cooking purposes. Do not light any fires in houses, stoves or fireplaces. Do not use any house closets under any circumstances, but dig earth closets in yards or vacant lots, using, if possible, chloride of lime or some other disinfectant. This is of the greatest importance, as the water supply is only sufficient for drinking and cooking. Do not allow any garbage to remain on the premises; bury it and cover immediately. Pestilence can only be avoided by complying with these regulations.

"You are particularly requested not to enter any business house or dwelling, except your own, as you may be mistaken for one of the looters and shot on sight, as the orders are not to arrest, but to shoot down anyone caught stealing."

#### Cliff House and Occupants Swept Into the Sea.

Oakland, Cal., April 21.—The Cliff house, at the western end of Golden Gate park, the famous San Francisco resort, has been swept into the sea. It is understood that the hotel has been completely demolished, and that not a stick or a stone has been left standing. The news is confirmed by the captain of a little schooner, which shot the gate without a tow, and managed miraculously to make dockage.

#### Big Ferry Building Saved.

San Francisco, April 21.—According to latest reports, the Ferry building is safe from destruction by fire. Efforts of the men under General Caster and employees of the grain sheds, and that of the fire tugs and steamers will succeed in checking the fire near the Lombard street ferry slips.

In other directions the fire is now completely under control. Mayor Schmitz and General Funston have established headquarters at Fort Mason, which was saved by some desperate work on the part of the soldiers, aided by a body of sailors from the warship Chicago.

#### Will Replace Federal Buildings.

Washington, April 21.—When the senate met Friday, Mr. Scott presented and asked immediate attention for a resolution calling on the secretary of the treasury to prepare for the senate an estimate on the cost of replacing the ruined federal buildings in San Francisco, and it was adopted. The resolution suggests that the estimate should be for steel frames.

#### Establish Information Bureau.

The chamber of commerce, church, newspaper offices and relief headquarters have provided registers for the refugees, and are now aiding in the work of finding friends and relatives for distracted survivors. The scenes at these places are in many instances heartrending.

#### Brother Located.

Dr. Vernon Blythe, the well known physician, yesterday beathed a sigh of relief when he received a message from his brother, Mr. Leon Blythe, stating that the latter was in San Francisco when the great earthquake occurred, but fortunately was not injured or killed. Mr. Blythe wired from Los Angeles, to which city he had returned from the ill-fated town and reports he is safe and sound, which is thankful news to all friends, who were held in anxiety for the past few days, on account of being unable to reach him at San Francisco.

## POLICE KILLED MAN AT MAYFIELD

### Henry Cooley Shot About 1 O'clock.

PARTICULARS NOT LEARNED.

Officer Thomas and Young Man  
Said to Have  
Quarreled.

REMAINS TAKEN TO  
BROTHER'S HOME.

This morning, about 1 o'clock, Henry Cooley was killed at Mayfield, Ky., twenty miles from here, by Officer Will Thomas, of the police force of that city. The shooting has not been fully investigated at the present time, 3:30 o'clock this morning, therefore the details could not be learned in full.

It was ascertained, though, that Cooley was out in front of the Key & Galt pool room at Mayfield, with Officer Thomas, Ben Key and another party, when Cooley and Thomas had some words. Thomas pulled his revolver and shot Cooley once through the heart, killing him instantly. It was said that Cooley had a knife on his person, and had made a demonstration towards Thomas, when the killing occurred; but this could not be verified over the long-distance telephone, on account of the late hour.

The remains of the dead boy were taken to the residence of his brother, Mr. Jesse Cooley, who resides in Mayfield.

Young Cooley was about 23 years of age, and a son of the late Captain Cooley, the clay king of Clay Switch, four miles out from Mayfield. The young man was raised in this city, where for a long while the family resided before the captain moved to Clay Switch, some ten years ago. He is survived by his mother, two brothers, Messrs. Jesse and Morris Cooley, and one sister, formerly Miss Minerva Cooley, who married several months ago at Mayfield and went to Texas to reside. The nuptials was one of the swellest ever occurring there. He has a half-sister residing in Paducah.

The Cooley family is one of the most prominent in Graves county, and the young man had many friends here, who regret the unfortunate fate that has overtaken him. He was of a nice disposition, and full investigation of the matter will be made, and exact details then made known.

Immediately after the killing, Officer Thomas surrendered to the sheriff at Mayfield. When the 1:40 passenger train arrived here this morning, the passengers reported the body was still lying in the street, but a telephone message afterwards said it had been taken to the home of Mr. Jesse Cooley.

#### AT THE RANGE.

The Rifle and Target Clubmen Spent  
Yesterday at Shooting.

Yesterday, the Paducah Rifle and Target club spent the afternoon upon their range, with a practice shooting, at which the following scores were made by the cracksmen:

J. M. Vickery, 169; C. W. Grate, 165; J. B. Probus, 155; T. Bennett, 151; J. F. McCreary, 128; T. Houseman, 125.

The club will have an all-day tournament on May 30, at their grounds, and some very attractive features will be arranged.

#### OUTLINE STUDY.

Committees Selected to Prepare This  
for Coming Scholastic Year.

The public school teachers have selected a committee that is to outline the course of study for the next scholastic year that commences in September. Heretofore the work has been mapped out for two months ahead, but this time it will be for the entire nine months, and printed in book form, instead of copied off on the typewriter, like it was done for the two months.

## METHODIST INSTITUTION

### Rev. Newell Returned From Louisville Yesterday.

EDUCATIONAL BOARDS MET.

Great Philanthropist Asked to Make  
Contributions to the  
Project.

LOCAL COMMITTEE  
MEETS WEDNESDAY.

Rev. T. J. Newell returned yesterday morning from Louisville, where he attended the meetings of the chairman for each of the educational boards of Methodist conferences represented in this state. During the session there was taken up and discussed the question of each conference lending its best efforts towards the colleges that are to be built in the state of Kentucky, and endowed out of the Sneed fund that is in charge of the Kentucky conference, North. Paducah is after one of these institutions.

Rev. Newell is chairman of the educational board for the Memphis conference, which includes the churches of Western Kentucky. Rev. J. D. Walsh, of Louisville, is chairman of the same board for the Kentucky conference, North. Rev. H. W. Browder, of Bowling Green, is chairman for the educational department of the Louisville conference, South, while Rev. Taylor, of Lexington, Ky., is chairman for the board of the Kentucky conference, South.

All these gentlemen were at the gathering, and they directed a letter to the private secretary of a certain great philanthropist, asking that aid be given in the project to institute the colleges in this state.

Rev. Newell remarked that people of Paducah must awaken from their apparent lethargy and realize that if they expect to accomplish anything in connection with the college proposition, that their movements will have to be very active, as the other cities the state over are putting up a very hard fight for the colleges, raising money, sites, and making all kinds of seductive bids for the institutions.

Dr. Newell will have Chairman H. C. Rhodes to call the committee of local college promoters, so a meeting can be held next Wednesday, at which time Rev. Newell will make a report of what was done at the Louisville gathering.

The committee has been working hard for months on this proposition, and has not the slightest doubt but what they can accomplish their purpose, if everybody will place their shoulders to the wheel and work to this end.

Dr. Newell and the others have encountered as yet nothing but encouragement, but want to awake the citizens to their responsibilities in this respect and let everything be pushed forward to the desired goal that will put this city in the foremost ranks as a great college possessor.

#### RADIUM DISCOVERER SLAIN.

Paris, April 20.—Professor Curie, who with his wife discovered radium, was run over and killed by a wagon on the Place Dauphine today.

Professor Curie was an obscure director in the Municipal School of Physics and Chemistry when his future wife, a Pole, came there as a pupil. An intimate friendship soon grew up between them which ultimately ripened into marriage. Working side by side in the laboratory, they conducted an exhaustive series of experiments until at last they were rewarded by the actual discovery of radium—a discovery which startled the entire world of science and made the discoverers famous.

#### Clothing Thief.

Professor Albert M. Rouse Trimble street yesterday morning reported to the police force that the day before he had some clothing hung out on the clothes line at his home, and someone slipped in the yard and stole an overcoat, an outer coat and vest, and a sealskin cloak.

## TWO SUITS INSTITUTED AGAINST J. MARK WORTEN

REGISTER NEWSPAPER CO. AND ITS EDITOR SUE WORTEN  
FOR MALICIOUS PROSECUTION AND TO RECOVER LAW-  
YERS' FEES, COURT COSTS AND DAMAGES IN CASE  
AGAINST THEM, WHICH WAS DECIDED IN THEIR FAVOR.

In the McCracken Circuit court yesterday there were filed two suits against Attorney J. Mark Worten; one by the Register Newspaper Company for \$2,215.00, and the other by James E. Wilhelm, editor of The Register, for 2,100, for malicious prosecution in a civil action. These two suits are for the recovery of the expense incurred, the time lost, and damages sustained in defending a suit for \$10,000 for alleged libel brought by Sam Stone, through his Attorney, J. Mark Worten, in the Livingston circuit court, March 17, 1905, against the Register Newspaper Company and James E. Wilhelm.

The case was tried in that court, and on April 22, 1905, the jury rendered a verdict in favor of the defendants, and the court gave judgment in accordance therewith.

The publication of an item in the Paducah Daily Register of August 30, 1904, was used by Stone and his attorney J. Mark Worten, as the basis for a suit against the company and Wilhelm for \$10,000. Although there were no grounds whatever, for the suit, yet the defendants had to employ attorneys to defend them, and as Sam Stone is insolvent, the defendants were compelled to pay certain parts of the court costs. Stone, Worten and the defendants all lived in Paducah, yet Worten brought the suit in another county that is inconvenient to reach and thereby forced the defendants to go to the expense of transporting their witnesses there and paying hotel bills, and it is a fact that this same attorney J. Mark Worten, within the past two years, has brought five or six other suits for this fellow Stone against the City of Paducah, some of its officers, other newspapers and editors, and every

single one of them was brought in Paducah.

The petitions filed yesterday were prepared by the company's attorneys, Hendrick, Miller & Marble, who say that under the laws of Kentucky, where a suit is brought without probable cause, and so decided, that the defendant can recover costs and damages from the plaintiff or from the attorney who counsels and advises the bringing of the suit. The petitions state:

That the defendant, J. M. Worten had full and complete knowledge of the publication in which occurred the alleged libel set up in the aforesaid action, and well knew there was no libel therein as against said Sam Stone and well knew there was no reasonable or probable ground or cause for instituting any such action, and, yet, said Worten maliciously intending to injure this plaintiff, maliciously and wrongfully and without probable cause instigated, advised and procured the bringing of the aforesaid action, and his employment as attorney for the bringing of said action and, with like intent, maliciously, wrongfully and without probable cause prepared, instituted, continued and prosecuted said action to its termination, when he well knew that this plaintiff and the other defendant in said action had not published or concerning the said Sam Stone any libel or libelous or slanderous matter, and that they were not guilty of the charges made against them in said action, and that there was no probable cause to believe that they were guilty of said charges, or that they had published any false or slanderous or libelous matter of or concerning said Sam Stone, and well knew that there was no probable cause for said action.

## ARRANGEMENTS FOR PADUCAH'S CHAUTAUQUA

YESTERDAY MORNING THE STOCKHOLDERS ELECTED THEIR  
OFFICERS, WHILE DURING CONFERENCE THERE WAS  
OUTLINED THE PROGRAMME, WHICH TREMS WITH EN-  
TERTAINING AND ELEVATING FEATURES APLENTY.

Yesterday morning the stockholders of the Paducah Chautauqua association held a meeting with Mr. James A. Shaw of Bloomington, Ill., who is the general director of these gatherings held the country over. The conference here get well under way everything as regards detailed arrangements, while the programme for the ten days was outlined in full and settled upon, it including some of the most renowned men and features of the present age. Mr. Shaw is highly delighted at Paducah as a flourishing business city and believes this initial chautauqua will prove a great thing for the city.

On the stockholders meeting yesterday there was made permanent the officers selected temporarily some weeks since, together with the directors. The executive committee named was Messrs. John S. Bleeker, Charles Weille, D. W. Coons, W. P. Hummel and Charles W. Thompson. This body will have charge of the preparations and are now working to make it a very successful affair long to be remembered as one of the greatest events in the history of the city.

This morning Mr. Shaw and the "Committee On Grounds" will visit Wallace park and other places, to select a suitable place for holding the immense gatherings. It is thought the park will be designated as it is the most excellently located site for the chautauqua. Tonight Mr. Shaw expects to leave here for his home in Bloomington, Ill., but will return again shortly, while he will be here several days ahead of the opening, and remain throughout the entire ten days.

For the entire ten days each morning at 8 o'clock boys and girls will be given instructions in physical culture under direction of Prof. Fletcher of Danville, Ill. At 2

o'clock each morning the professor gives talks on health culture to the grown people, both male and female. At 10 o'clock every morning Dr. Stanley L. Krebs of Greenburg, Penn., will give popular lectures on psychology to the general public. Every afternoon at 4 o'clock lectures and literary recitals will be conducted by Miss Ruth L. Hemmway of Evanston, Ill., just outside of Chicago.

These above attractions are fixed features for the specified hours every day of the chautauqua.

The chautauqua opens at 2 o'clock the afternoon of Friday, June 15th, at which time Dr. Stanley Krebs will lecture on "Fear and Worry—How to Cure Them." At 7:30 o'clock that evening a concert will be given by the Lady Washington quartette of Chicago. At 8 o'clock Herbert Leon Cope of Wisconsin delivers a humorous lecture. Between 7:30 and 8 o'clock each evening the quartette will furnish preliminary entertainment for five days of the gathering, while a fine brass band is being negotiated with to supply the needs in this line the last days.

The following is the programme in full for the balance of the days:

**Saturday, June 16.**  
2 p. m.—Lecture by Herbert Leon Cope.  
8 p. m.—Entertainment by Robert Wassman, magician of Chicago.  
**Sunday June 17.**  
2 p. m.—Lecture by Captain Richard Pearson Hobson of Merriam fame.  
4 p. m.—Monologic appearance by Wallace Bruce Amasbury of Chicago.  
7:30 p. m.—Wallace Amasbury, Fletcher of Danville, Ill. At 2

# THE WEEK IN SOCIETY.

## First Post-Lenten Meeting.

The initial gathering following Lent, by the As You Like It club, will be held the coming Friday evening with Hon. and Mrs. Hal S. Corbett, of North Ninth street.

## Dance of Younger Crowd.

The younger society people enjoyed a delightful dance Friday evening at the Elks' hall, on North Fourth street, and many were there. Those attending were chaperoned by Mesdames W. F. Bradshaw and Jetta Hobson.

## Evening Dining.

A few friends will be entertained at dinner tomorrow evening by Miss Susie Thompson, at her home on West Broadway, complimentary to Miss Elizabeth Scott, of Clarksdale, Miss., who is visiting Misses Myrtle and Helen Decker.

## Evening at Cards.

Miss Josephine Gardner, of Quogue, L. I., and Miss Elizabeth Scott, of Clarksdale, Miss., were the honored guests at the charming card party given Friday evening by Miss Langstaff, at her home on Kentucky avenue.

Dogwood, apple blossoms and lilacs formed a bower of beauty for the room decorations, while during the card game Miss Mary Boswell captured the first prize, and Miss Elizabeth Sinnott the second trophy. The gentleman's gift was taken by Mr. Charles Cox.

A sumptuous course luncheon was partaken of after the cards, and comprised many delicacies.

## Belcher-Taylor.

Tomorrow morning at 7 o'clock Attorney L. K. Taylor leaves for Covington, Ga., where, next Wednesday, he will be united in marriage to Miss Alma Pearl Belcher, one of the most beautiful and prominent young ladies of that city. The ceremony will occur at the residence of the bride's mother, Mrs. James M. Belcher, at 5:30 o'clock in the morning, officiated over by Dr. John S. Moore, who occupies the Latin chair in the college at Oxford, Ga.

The nuptials will be a quiet home affair, with no attendants, and immediately following same, the newly mated pair will return to this city, to take up their residence at Hotel Craig, Fifth and Jefferson streets.

## Luncheon for Bride.

Miss Louise Cox, a coming bride, and her attendants were the honored guests at the luncheon given yesterday afternoon at 1 o'clock by Miss Martha Davis, at her home on Kentucky avenue near Sixth street.

Narcissus, lilacs, hyacinths and varied spring flowers formed a beautiful decoration for the table decorations, which were of rose color, while a mellow glow overfell the gathering from the pink-shaded candles. Miniature fans composed the place cards, and contained neat poetic inscriptions about married life.

Those there were Miss Cox, Mesdames Thomas Hall and Saunders Fowler, and Misses Anita Wood, of Wichita, Kan., and Ella Sanders, Ethel Brooks and Ruby Corbett, of this city.

## Paducah's Sponsor.

Miss Ethel Brooks leaves Wednesday morning for New Orleans, accompanied by her father, Dr. John G. Brooks, and also Misses Susie Thompson, Kathleen Whitfield, of this city; Anita Wood, of Wichita, Kan., and Mrs. Bertie Fowler Campbell, the young ladies to be the brides of honor to Miss Brooks, while Mrs. Campbell is the matron of honor.

Miss Brooks was several weeks ago selected as the sponsor for the James T. Walbert camp of Confederate Veterans of this city to represent Paducah at the New Orleans reunion of Confederate Veterans from the world over.

Mr. David Koger, son of Captain James Koger, has been selected as a major by General Henry A. Tyler, and serves as an aide on the latter's staff. Mr. Koger and his father leave tomorrow, to be there several days in advance of the gathering, which will be attended by thousands.

## Closing Season.

The Delphic club will not hold any gathering the coming week, but conduct their final meeting the afternoon of Tuesday, May 1, at 4 o'clock, at which time the entertainment will be in the nature of an afternoon tea and general social gathering of an invitational character, each club member being permitted to bring two visitors with her.

Last Tuesday the paper of Miss Helen Lowery was on "Empress Eugenia," while "Rosa Bonheur" was discussed by Mrs. Lillard Sanders. "The Mother of Napoleon" was told of by Mrs. Frank L. Parham, while "The Times of the Second Empire with Louis Philippe and Marie Amelie" was the interesting subject spoken of by Mrs. Edmund Post. All these papers teemed with men-

tion of eminent women of French history, and they formed delightful topics for the final literary gathering of the club ladies.

The first Tuesday in October the club resumes its meetings, and next winter they study "Spanish Literature, History and Art."

## Easter German.

The Easter german given by the Cottillon club last Monday evening at the Palmer was a very attractive and delightful affair, furnishing several hours' pleasant diversions for many people. The german was led by Mr. Louis Rieke, Jr., while those upon the popular floor were Messrs. and Mesdames Saunders Fowler, Edmund Noble, George Langstaff, Mesdames J. G. Brooks, J. M. Buckner, Thomas Leech, Bertie Campbell; Misses Anita Wood, of Wichita; Elizabeth Scott, of Clarksdale, Miss.; Josephine Gardner, Quogue, L. I.; Myrtle Decker, Helen Decker, Ethel Brooks, Elizabeth Sinnott, Hallie Hisey, Ruth Weil, Faith Langstaff, Blanche Hills, Hattie Terrell, Mildred Terrell, Caroline Sowell, Belle Cave, May Owen, Frances Coleman, Lulu Reed, Henrietta Koger, Sue Thompson; Judge Walter Evans, of Louisville; Samuel T. Stewart, of New York; John Bleeker, Louis Rieke, Jr.; W. T. Sturtevant, Calhoun Rieke, Pat McElrath, John Brooks, Edson Hart, Morton Hand, David Koger, Fred Wade, Henry Dewey, Frank Bourne, Joe Exall, Herbert Hawkins, Walter Iverson, Blanton Allen, John Sherwin, Chas. Allcott, Philo Allcott, Will Leech, Ed Clark, Douglass Bagby, Algernon Coleman, Dr. I. B. Howell.

## Magazine Club.

The Magazine club met with Miss Martha Davis, of Kentucky avenue, Thursday afternoon, and it was a most delightful assemblage of the literary ladies.

Quotations from Lyman Abbott were given at the opening, in response to roll call, while reports from the Atlantic Monthly were given by Mrs. George Flournoy, and from Harper's by Mrs. Robert B. Phillips. Mrs. George Langstaff told of The Outlook, which is edited by Lyman Abbott, while the same periodical was spoken of by Miss Frances Gould. Abbott's life was sketched by Mrs. Henry Overby, and the North American Review represented by Miss Helen Lowery and Mrs. Frank Scott.

On close of the literary features the club ladies discussed their coming meeting of the State Federation of Women's clubs, which gathers during June at Mt. Sterling, Ky., and will be ably represented by Paducahans. They also talked of the project this body and the Delphic club have on foot looking towards acquiring for a public park that territory bounded by Ninth, Eleventh, Broadway and Washington streets.

The final gathering of this season will be held by the club May 10, with Mrs. Saunders Fowler, at her suburban home, "Edgewood," on West Broadway.

## Cox-Rudy Wedding.

One of the most brilliant nuptials of the season will be that of Miss Louise Elizabeth Cox and Mr. James Rudy at the Broadway Methodist church next Tuesday evening at 9 o'clock, at which time this well-known young couple will be united in marriage in presence of a church thronged with friends and admirers. Rev. T. J. Newell of the Broadway Methodist church will perform the ceremony, with the assistance of Rev. W. E. Cave, of the First Presbyterian church.

Miss Martha Davis will officiate as maid of honor, while the bridesmaids will be Miss Anita Wood, of Wichita, Kan., and Misses Ruby Corbett, Ella Sanders and Ethel Brooks, of this city. The matron of honor will be Mesdames Thomas Hall and Saunders Fowler. Messrs. James Hodge, of Henderson, and John Brooks, Charles Allcott, Stewart Sinnott, William Rudy and Richard Rudy will officiate as ushers. The best man to the groom will be Mr. Edwin J. Paxton, while the bride will be given away by her brother, Mr. Charles Cox.

Immediately following the ceremony the couple and friends will be entertained with a reception at the residence of the bride's parents, Mr. and Mrs. W. Armour Gardner, of Fountain avenue near Broadway.

A costume of white satin, empaneled with real lace, will be worn by the bride, who carries a shower bouquet of lilies of the valley and white roses, while the bride's attendants will be garbed in white Arabian silk, with pink roses to match.

The parties who will come from away to attend the nuptials are:

Mrs. Mary Rudy, of Caseyville, the grandmother of Mr. Rudy; Mrs. Henrietta Jackson, of Denver, Col., an aunt; Mr. and Mrs. Clarke Knowlton, of Memphis; Mr. and Mrs. Isaac Peters, of Memphis; Mrs. George Fous, of Baton Rouge, La.; Mrs. Charles James, of Evansville; Miss

Anita Wood, of Wichita, Kan.; Miss Anna Parks, of Nashville, Tenn.; Mr. Wm. Leech, of Cripple Creek, Col., an uncle of Miss Cox; Mr. Charlie Cox, of Ann Arbor, Mich.; Mr. James Hodge, of Henderson, Ky.; Mr. Joseph Newbern, of Memphis.

## The 500 Club.

Mrs. Saunders Fowler will entertain the 500 club next Wednesday afternoon at 2 o'clock in her suburban home, "Edgewood" on West Broadway. This is the first gathering of this popular club since Lent.

## Afternoon at Euchre.

A most delightful afternoon was spent at euchre Wednesday by many friends at the residence of Mrs. Ad Rasch on Ninth and Broadway, it being one of the most charming of post-lenten affairs.

Twelve tables were filled with card players, while the home was prettily decorated, the color scheme in this and other features being pink. Miss Linneus Orme captured the first prize, Mrs. Kate Wilson the second and Miss Clara Thompson that for the best lone hand.

## Many Children Out.

The Carnegie Library was filled with little folks Friday afternoon from 4:15 to 5:15 o'clock, attending the "Children's Hour" conducted every two weeks at the institution. They were spoken to very instructively and entertainingly by Miss Aline Bagby, one of the city's brightest and most popular young literary ladies and musicians. She dwelt upon "Children Sketches" from Dickens' works, and it proved a delightful theme of instruction and lecture for the children.

## Roman Lecture.

Miss Susan Temple, Thursday evening was greeted by a large audience at the Grace church parish house, at which time she delivered one of her delightful lectures that are proving such sources of entertainment for the many fortunate enough to hear her. She is a woman of great magnetism and thoroughly understood her topics having spent many months in foreign lands, touring and making a study of customs and country. She spoke this time on "Rome" and while taking her auditors on a tour through that historic city of Italy, illustrated her remarks with stereopticon views taken while there.

## Engineers' Annual Ball.

The annual ball of Monday evening by the Brotherhood of Railway Engineers was one of the most successful and enjoyable affairs ever conducted by that popular organization, as there were about 250 in attendance and dancing was indulged in until a late hour. The ball was given in the spacious dining hall of Hotel Craig at Fifth and Jefferson streets, which was beautifully decorated for the occasion, that proved a delightful diversion for everybody. The floor is practically new and freshly waxed, was a popular, smooth place for the indulgers in the terpsichorean art.

## Charming Luncheon.

Mrs. David G. Murrell entertained with a delightful luncheon at one o'clock Tuesday afternoon, in her home on Broadway near Seventh St., the affair being complimentary to her niece, Miss Emily Upton, of New Orleans who was visiting here and also in honor of Miss Elizabeth Gardner of Long Island, who is the guest of Miss Faith Langstaff of Kentucky avenue.

The table was charmingly set with a color scheme of pink and red with candles, flowers and fruits, that blended beautifully with the handsome silver and hand painted china. The play cards were pretty picture postals from many foreign countries and the table surrounded with a coterie of beautiful young society girls bewitching costumes, formed an attractive scene.

During the hour a most delicious repast of many courses was served. Miss Upton returned the day following to her southern home, where she is a reigning belle.

## Popular Couple.

Miss Addie Miller and Mr. Roy S. Bollowe were united in marriage last Monday evening at 8 o'clock in the residence of the bride on West Jefferson near Twelfth street. Only a few friends and relatives witnessed the ceremony that was officiated over by Rev. W. E. Cave of the First Presbyterian church.

The contracting parties are amongst the most popular young people of the city, and have the sincere wishes of all for much happiness in their new life. The dainty and beautiful bride is the adopted daughter of Alderman W. T. Miller, the Broadway music dealer, and is a very charming and accomplished young lady endowed with many attractive traits.

The happy groom is manager for the Tenth and Broadway drug store of Dr. James Sleeth and is an efficient and reliable young druggist of an extensive acquaintance. He is a genial and popular man well known to all.

## Kettler-Conners.

At 10 o'clock Tuesday morning Miss Clara Bertha Kettler of this city and Mr. George Mathias Conners of Tiptonville, Tenn., were married in the presence of a number of friends at the residence of the bride in Mechanicsburg. The newly married pair left that evening for Tiptonville

where they are now making their home.

The ceremony was performed by Rev. A. L. Ilten of the German Lutheran church of South Fourth St., and was a very pretty service.

Mr. and Mrs. Mike Kettler are parents of the charming young bride who has been connected with the city public schools, and is exceedingly highly esteemed by all.

The groom is a prosperous and rising young business man of Tiptonville, and the couple had intended taking a northern bridal tour of many weeks, but only a few days before the ceremony there was destroyed by fire the new home he had equipped for his bride, therefore this necessitated their immediate departure for Tiptonville where his attention was needed to straighten out his business.

## Confederate Daughters.

The Daughters of the Confederacy of this city will have charge of the "Country Store" during the carnival next week at Twelfth and Trimble street, and prospects are for a most flourishing and remunerative business, as the entire net proceeds go to the fund being gotten up in this city to construct a handsome Confederate monument in Lang's park on Fountain avenue. The ladies are now making out a list, showing who will have charge each day and evening of the establishment that is always one of the most popular places on the grounds, and will this spring have added attractions in the bevy of matrons and maidens who will conduct the sales.

The carnival promoters offered the ladies full charge of the store which they will run solely by themselves. Last Thursday morning at the special meeting with Mrs. Dr. Thompson on Jefferson street, the ladies of the Confederate chapter accepted the proffer and are now making arrangements to care for their interests that will consist of a large and varied stock daily replenished.

## Easter Dining.

One of the prettiest parties of Easter-tide was a course dinner given by Mr. and Mrs. C. C. Warren to their son Clyde in their apartments at the Scott flats last week.

The place cards were laid for fourteen guests, and the color motif was yellow and green, the Easter idea being carried out in detail. The table was beautifully arranged, a large dove suspending from the chandelier, from which was stretched robins to the places. The souvenirs of the occasion were little chickens and flowers.

Master Clyde Warren officiated as toastmaster and welcomed his guests in a manner that bespeaks credit for him. Master Edward Cave responded to the toast "Our Host," while "Our School Friends" was the response of Miss Ethel Sights. Miss Mary Cave responded with "Our Aims and Ambitions."

A pleasing feature of the dining was the "conondrum" sealed as a puzzle in a salad leaf which came with each course of this nature. Following the repast the young folks were entertained with a guessing contest on "The Island We Visit" and the prize was taken by Miss Sadie Smith on the out.

## Matinee Musicales.

The composers Liszt and Wagner will be those for consideration during the meeting next Wednesday afternoon of the matinee musicale club in the Eagle building on Sixth and Broadway, and a most excellent programme has been outlined to be rendered under leadership of Mrs. George B. Hart. Account the unusual popularity of these talented composers, the club members will have this meeting an "open" one, at which time each active and associate member will be permitted to bring an outside friend with them.

The programme is as follows:  
1-Character Sketch.....Mrs. H. S. Wells  
2-Vocal Solo-"Elizabeth's Prayer" from "Tannhauser"-Wagner.....Mrs. W. C. Schofield  
3-Violin Solo-Selected.....Prof. Wm. Deal  
4-Vocal Solo-"Lorelei"-Liszt.....Miss Anne Bradshaw  
5-Rasso Aria from "The Flying Dutchman"-Wagner.....Mr. Emmett Bagby  
6-Piano Duet-"Rhapsodie Hongroise No. 2"-Liszt.....Miss Newell and Mr. Gilbert  
7-The Story of Lohengrin.....Miss Aline Bagby  
8-Vocal Solo-"Eisa's Dream" from Lohengrin.....Mr. Jas. Weille

## DETECTIVES SUE.

They Got Checks for Only Nine Days Work-Other Matters.

Yesterday former City Detectives T. J. Moore and Baker were paid for the nine days they worked this month and no more, amounting to \$18. Now they are preparing to sue the city on the ground they were employed for one year, and their services cannot be dispensed with.

The Memphis papers of yesterday said that Frank Page had been locked up there to be held, pending an investigation. He is a baker and claims Paducah as his home.

The police have not succeeded in catching the parties who attempted to pass forged checks at several places here a few days ago.

# DON GILBERTO Has Scored Another Mark!

Alongside his pure celebrated Willow Spring Whisky he has added the long needed and unobtainable pure Apple Brandy made from sweet mellow apples and distilled at a still in the beautiful mountains of Tennessee, where the willows grow tall and green and the beautiful chrystal water, runs from the grove of Willow Spring, direct to the still of Messrs Hennessee & Co., McMinnville, Tenn., distillers.

Remember this apple brandy is the first that has ever reached Paducah direct from the still to be retailed by the drink. Remember that the rectified and compounded apple brandy is more poisonous than the vilest whisky that is compounded and rectified. Pure apple brandy is higher in price than the average run of pure whiskies and is scarcer than whisky. Remember apple brandy would be recommended by all physician for certain ailments of the human body if they were sure they could get the pure brandy also; there would be more of it drank if it were not for the rectified compounded stuff they have to drink.

Remember that the name of my Brandy is DON GILBERTO'S "THREE STAR" Apple Brandy. My brandy is bottled and sealed under my personal supervision and none genuine unless my name in big red letters on the inside of the label next to the bottle which reads Don Gilberto's pure apple brandy 1 year old 100 proof. The bottle will contain 32 oz of the pure Three Stars apple brandy.

Bear in mind that this package will be subject at any time and anywhere that the U. S. Revenue officials see fit to inspect it, (He has a right to do so.)

Provided the seal has not been tampered with. Also I tender the officers of the pure food law the same privilege as I do U. S. revenue officer, as I am personally responsible for its purity, strength and quantity. To be had only at "The White Deer" which is a symbol of strength and innocence. 226 S. ## SORTING TAX BILLS

**CITY SOLICITOR CAMPBELL HAS TEDIOUS TASK BEFORE HIM.**

**He does not think there is Collectable, More than Fifty Per Cent of Amount Due.**

City Solicitor James Campbell, Jr., is now undertaking one of the largest jobs that came within the duties of his office, which is to sort out the accounts against all parties owing the city back taxes preparatory to filing suit against them to enforce collection of the sums due. There are about 4,000 of the accounts and now the solicitor is going over the list in order to get them in some kind of presentable shape.

In the list the same party owes for this year, that year and another year, and the solicitor wants to sort these out, get all against the same party together, and then in the single suit include for all the years due, and thereby make one action do for all any one person owes, instead of bringing a separate suit for each year against the single person.

The solicitor gets ten per cent of the collections, and although there is owing the city about \$15,000, he does not think more than fifty per cent of this can be made, as much is against personal property and the parties have moved from town, while considerable is against cheap property that the owners want the city to take over.

It will take three or four months for the solicitor to get everything ready to file the hundreds of suits. He will print the suits in some newspaper office, getting hundreds of copies, and then fill in the blanks the names of the party sued, amount they owe and location of property, etc.

## ENGINE CREW HELD LIABLE

**FRANK SILLS KILLED IN THE I. C. YARDS YESTERDAY.**

**The Coroner's Jury Held the Engine Crew to Account for the Unfortunate Death.**

This morning at 7:30 o'clock there will be shipped to Eddyville for burial, the remains of Mr. Frank Silles, an Illinois Central railroad employe, who was killed in the yards here yesterday morning about 10:45 o'clock by switch engine No. 172 striking him. Eddyville is his former home, he coming from there about one year since.

Mr. Silles was about fifty years of age and employed around the yards to pick up coal and debris and pitch it into the cars to keep same from being scattered around. He was stooping over down near the old dispatchers office opposite the Union depot around the curve, when the switch engine came bowling along and striking the man, knocked him underneath the wheels where he was mangled to death and body badly cut up.

The engine was in charge of Engineer Check Davidson, Foreman H. Holly and Fireman Phillip Phelps. It seems that Silles did not hear the on coming engine, while it also looks like the engine crew was not paying much attention to Silles.

After the killing the remains were turned over to Undertaker Guy Nance of South Third street, who carried them to his establishment, and then afterwards to the dead man's home at Thirteenth and Ohio streets.

Yesterday afternoon Coroner Frank Eaker held an inquest at the undertaking parlors, and the jury returned a verdict which stated Silles came to his death through negligence upon part of the engineer, fireman and engine foreman.

The deceased is survived by a wife, four sons, two stepsons and three daughters. He was a good man, had many friends here, and will be missed by all.

## TOBACCO GROWERS

**COLONEL GRIFFIN IN FROM MURRAY TO SPEND SUNDAY.**

**He Says the Claims of the Tobacco Growers Association Is Over-Drawn Greatly.**

Colonel Mike Griffin, the tobacco buyer, arrived yesterday from Murray, to spend Sunday with his family at their home on North Sixth between Broadway and Jefferson streets. This is his city but as buyer for the tobacco department of the Italian government, he is stationed at Murray to make the purchases.

Colonel Griffin yesterday said that the promoters of the Dark Tobacco Growers association that is being organized over the country, seems to be giving out erroneous statements regarding the strength of their organization. They are claiming they control eighty per cent of the product, while Mr. Griffin says this is over-drawing things considerable, as they will not have charge of even one-fourth of the weed grown in this section of the country.

For instance Calloway county county raises about 8,000,000 pounds of tobacco this year, and the growers association control only a little over 2,000,000 pounds of this, while in the balance of the counties things exist in about equal proportion.

Mr. Griffin buys millions of pounds each year for the Italian government, being one of their largest and best buyers in this country. The buyers seem to think that the high salaried officers of the growers association, and those people having storage warehouses, are the ones mostly interested in the organization, as the farmers do not seem to take to the idea very well.

Those getting up the association claim that the buyers have controlled the market all along, but that now they will band themselves, as farmers, and control the situation themselves.

## LINN'S CLAIM WAS ALLOWED

**REFEREE DECIDING WHETHER TO GIVE MONEY DIRECT TO LINN.**

**Referee Recommends That Walter Wilkins Be Granted a Discharge in Bankruptcy.**

Yesterday Referee E. W. Bagby of the bankrupt court, allowed Will Linn the latter's mortgage claim of \$300 against M. G. Warren, of Marshall county, to come out of the money left by the latter who has filed a petition in bankruptcy and whose business is being wound up. This mortgage claim is to get its pro rata from the assets left by Warren. Linn is a member of the Will Harris & Co., firm of Murray, which also filed a petition in bankruptcy, and is now having its business wound up by the referee. As the Will Harris matter seems like the assets will be more than enough to pay in full the entire liabilities, the referee is now figuring up the exact liabilities and assets of the Harris case, and if it develops that the concern will more than pay 100 cents on the \$1, the \$300 coming to Linn will be paid over to him direct but if the Harris proceeding shows the assets will not pay the debts in full, this \$300 coming from Warren to Linn will be paid to Linn's trustee and applied to the Harris & Co. debts.

### Close Wilkins Case.

Yesterday Referee Bagby closed the Walter Wilkins bankrupt proceeding, there having been collected in all the assets of the bankrupt and applied to his debts. Now the referee recommends to Judge Walter Evans of Louisville, that Wilkins be granted a discharge in bankruptcy.

### Sell Property.

The referee yesterday issued an order, directing the trustee of the Bogan Williams bankrupt case, to sell at private sale about \$300 worth of Williams property, the proceeds to be applied to his debts.

## SEDITION LAID TO SENATE

**WILLIAM DUDLEY FOULKE DENOUNCES ATTITUDE OF FEDERAL BODY.**

**It Represents Special Interests, Not the People for Popular Election.**

Chicago, April 21.—"The present attitude of the senate invites revolution. It invites radical changes in the constitution, which will be inevitable if the senate persists in representing special interests instead of the American people."

This was the keynote of the address of William Foulke, former head of the civil service commission, at Hamilton club last night. Mr. Foulke was the guest of honor at the dinner which was given to the various civil service reform bodies of the city, county and state. He had for his subject "The Senate in Relation to Reform Movements."

Mr. Foulke's speech from the beginning was a merciless exhortation of the senate. He advocated not only popular election of senators, but the abolition of the selection of senators by states.

### Senate Blocks Legislation.

"At present," said Mr. Foulke, "the senate is run by rotten boroughs like Nevada and Montana. 19 per cent of the people of the United States are blocking all legislation. The rest of the people must sit idly by and see their wishes defied and their mandates ignored because of the silly provision for representation by states in the senate. By no stretch of imagination can the present senate be called other than a thoroughly misrepresentative body. It does not fulfill the purposes of the founders of the constitution, because it is not so much considered for the conservatism of the American people as for special interests."

"It cares nothing about the American people conservative or otherwise. It is there to guard vested interests and it guards them. A little clique largely coming from the rotten boroughs is stronger than the house of representatives, the president and the nation and they do not fear to show their strength. The remedy for this state of affairs lies only in revolution, peaceable revolution, an upheaval of public opinion which will do away with the antiquated method of electing senators and with the absurd division of representatives according to states."

"If the senate persists in its present attitude as opposed to all reform and as the champion of special interests, as a mockery at every attempt to improve present conditions, the result is inevitable. The constitution will break at its weakest link. The choice of senators by states and a new amendment will be forced if it is necessary to destroy the constitution as its bases to force it."

## Malicious Prosecution

During the entire time that The Register has been published, and that covers the past ten years, we have only been called upon to defend three suits or actions against the paper. And strange to relate every one of those cases occurred within the past year; each one instituted in Livingston county where but a few copies of the paper circulate, and each one was brought through the instrumentality of J. Mark Worten of this city. There has never been a lawsuit against the paper in McCracken county where it is published and extensively circulated. This is a record that we do not believe has been made by any other newspaper in the country in a city the size of Paducah, and especially by one that has been free and independent in politics, and in criticisms of wrong doing, which has always been the policy of The Register.

The publishers of this newspaper feel that they are amenable to the law when they may wrong anyone, and they also stand ready to combat to the end any deliberate attempt to injure them, and will seek legal redress through the courts.

For sometime we have been satisfied that J. Mark Worten of this city has determined to do everything in his power to wreck this paper if possible. For years he denounced The Register in private and in many ways did what he could to injure it. About a year ago he hit upon an idea of instituting suits against the paper and its owners in another county, without good or probable cause, and forcing them to go to a great expense for witnesses and attorney's fees, to say nothing of the annoyance and damages they sustained. Fortunately, however, the laws of Kentucky provide that where suits are instituted without good or probable cause, and so decided, that the defendant may maintain an action for malicious prosecution against the plaintiff or his attorney who aids in the malicious prosecution. Under this law this paper and its chief owner instituted two suits against J. Mark Worten yesterday in this county, for malicious prosecution and the recovery of the costs, losses and damages incurred in defending a \$10,000 suit against them brought in Livingston county by J. Mark Worten for Sam Stone and which was decided in our favor.

The very fact that Worten brought suits for Stone against another newspaper, its editor, the city and several of its officers, and these suits being brought in McCracken county, shows malice in bringing a similar suit against The Register and its owners in Livingston county, a county in which neither his client, this paper or Worten lived. If Worten's client had been injured by The Register, but he was not, the injury would have occurred in this county where he lived and thousands of Registers circulated.

As further evidence of malice, we will say that the article complained of was published August 30, 1904. Yet the suit was not instituted until March 1905. Stone at no time complained to the paper, and we doubt if ever he saw or heard of the article until Worten or some one else called his attention to it, and it looks to us like Worten used Stone to wreck his vengeance on this paper.

It is true that The Register criticized J. Mark Worten's connection with the "chain gang suits." He served this city as its legal adviser for twenty-one months after it became a second class city, and shortly after retiring from office Worten began instituting suits against the city for \$10,000 each for quite a number of persons who were worked on the chain gang after the city entered the second class. In all Worten brought sixty-seven of those suits aggregating the enormous sum of \$670,000 against the city which he had just served in a legal capacity. It is a known fact that J. Mark Worten did send letters to a number of persons for whom he brought those suits asking them to call at his office; some of those who called, state they made a contract with Worten to sue the city, and his fee was to be a sum equal to 50 per cent of any amount they might recover. It is also a fact that Worten did serve an official notice on Mayor Yeiser giving a list of fifty-odd names of persons with whom he claimed to have a contract on a fifty per cent basis, and notified the mayor that he would look to the city for his fee in any case that it might settle without his knowledge or consent. This paper had a perfect right to state facts and to express legitimate criticism of Worten's conduct. The courts have thrown out all of those now notorious suits, and Worten reaped the rewards of his folly.

Worten also instituted a number of suits for clients against a number of police officers of the city, alleging false arrests, but those cases were lost. Yet the officers had to pay attorneys to defend them, and the authorities stated that those suits demoralized the entire police force, the members fearing to make arrests for fear they might be forced into court and have to employ attorneys to defend them.

The policy pursued by Worten could bankrupt any newspaper in the country, for every time one is sued it must employ attorneys, get up witnesses and pay court costs, where the plaintiff is insolvent, and such expenses would break a bank. Hence the law has provided a remedy for such practice, and that is the right of recovery of the attorney who counsels, advises, prepares and institutes actions without probable cause. It is an easy matter for a lawyer to bring a suit and rely on a judgment in his clients favor for his pay, and if he loses, he is only out his time, but where judgments go against him for malicious prosecution he will soon quit going into court without a cause.

The Register has no desire to engage in litigation for it is annoying, disagreeable and expensive; But when it finds a man determined to put it to unnecessary expense and to injure it and its owners, it is forced to take such legal steps as may be afforded it to protect their interests.

## The Bar Association.

The president of the local bar association has issued a call for a meeting of that body to be held this week for the purpose of investigating the rumors of unprofessional methods employed by certain members of the association.

We congratulate the association on inaugurating a movement that if conscientiously carried out will result in much good to not only the organization but to the good citizens of Paducah as well. Fortunately the association will not have to go outside of its own members to establish the truth or the falsity of the rumors, for if any one will talk with any lawyer in the city on the subject he will not hesitate to say that conditions have reached the stage when radical reforms are imperative if the bar desires to retain the respect of the public. It is openly talked and discussed to the effect that certain lawyers are in the habit of soliciting and seeking cases, and that they do not hesitate to either go in person or send for people and urge them to let them bring lawsuits. If this be true, those guilty of such conduct commit the crime of barratry. What chance has the public for justice, if

lawyers, who are a part of the court are engaged in committing crimes?

The "ambulance chasers" are receiving attention at the hands of the press and bar associations of the country, and it is said that Paducah has a few who are quite skillful sprinters. If so apply the remedy.

The association having taken the step, the public will watch with interest the outcome of the meeting. If there is nothing in the reports or the statements made by the members in private, the public should be furnished with the facts in such a way as to leave no doubt in its mind. Such a thing as a "white-wash" would bring the association into contempt, and be the signal for opening the flood gates and giving free rein to all to beg, buy or steal cases from prospective litigants.

If corrupt methods exist now is the time for the Paducah Bar Association to assert itself and punish the offending members. By so doing, it will serve notice to the world that it stands for the uplifting of the once honorable profession of law, and the maintenance of the high standards that should characterize it.

How different will today be in San Francisco to last Sunday. One week ago it was a beautiful city, with happy people. Today it is an ash heap and nothing but gloom and sadness for those who are now there. Life will never be the same to the thousands who have witnessed the terrible transformation wrought by the elements. Thousands of prayers will go up today from millions of hearts, which are filled with pity and sympathy for the stricken ones.

## POLICE FORCE REARRANGED

CHIEF COLLINS THIS TIME  
FOLLOWS ORDERS OF  
COMMISSIONERS.

Only Two Men Are Left Down on  
the Broadway Beat, While  
Eight Men Are Not Allowed  
to Visit Union Station.

Yesterday, Chief James Collins, of the police force, made his second rearrangement of the force, which this time complies with the instructions of the police commissioners, who directed that in cutting down the force the chief take off men from the Broadway beat and Union depot beat. The chief made the shift last week, but did not take anyone off the two specified districts, and the commissioners reminded him of the fact that this was their orders, so Mr. Collins had to change things up again, to comply with directions from headquarters.

By his changing, the men will work as follows from noon until midnight: Officer Johnson, on Broadway, by himself; Gross and Rogers, on the north side of town; Officer Emile Gourieux, on Kentucky avenue; Hessian and Singery, on the Fisherville beat; Officer Dugan, on South Third street. It will be seen that the Broadway beat, Kentucky avenue beat and Third street beat have only one man on it for this watch, while the Fisherville patrolmen are not allowed to go to the Union depot, because this takes up entirely too much of their time for nothing, and compels them to remain away from their territory.

From midnight until noon, the rearrangement places the men as follows: Officer Courtney Long, on Broadway, by himself; Officers Hill and Ferguson, on the north side of town; Officers McCune and Wood, on Kentucky avenue; Officers Senser and Terrell, on Fisherville; Officer James Brennan, on South Third street, by himself.

The force has eighteen patrolmen on it, but the above accounts for only fifteen men. Patrolman James Clark is on at night time in the office as acting lieutenant, while Mr. Potter is away at Hot Springs, Ark., while Officers Edward Alexander and Aaron Hurley are taking their week's vacation, to which they are entitled under the ordinances, which prescribe that patrolmen shall have seven days off one year, under full pay. When these two come back on, at the end of this week, two more will take their vacation, and it can thus be seen in what a deplorable condition the force is in.

Mrs. G. T. Taylor and son and Mr. I. N. Irvine of Union City, Tenn., are visiting the family of Dr. R. R. Winston.

## BANQUET FOR STATE T. P. A.

DR. J. ROBERT COLEMAN  
WILL BE TOASTMASTER  
FOR THE OCCASION.

The Annual Convention Will Be a  
Very Large Gathering—P. T. M.  
C. Admits Many Members.

Last evening the arrangements committee of the Travelers' Protective association, of this city, held a meeting at the Paducah Traveling Men's club rooms on South Fourth street, for the purpose of preparing for the state convention of T. P. A. that gathers here two weeks from yesterday for a one day session. The committee decided to hold the convention at the clubrooms of the traveling men during the day, while the banquet that night will be in The Palmer, with Dr. Robert Coleman of this city as toastmaster. The responses for the spread will be decided upon the next few days preceding the time for convening the body here.

Traveling men from all over the state will be in the city to participate in the convention which promises to be one of the most enjoyable and largely attended of any for recent years. During the meeting there will be chosen the officers who are to serve the state association for the ensuing year.

Last evening the P. T. M. C. met at their clubrooms, and admitted a number of new people to membership. This order is comprised of drummers also, but a separate and distinct body from the T. P. A., although both hold sessions at the same place, and many individuals affiliate with both organizations.

## SAN FRANCISCO MARTIAL LAW

(Continued From First Page.)

**Left Day Before.**  
Mr. William Crow arrived here yesterday morning, accompanied by his wife and child, and states that he left San Francisco the day before the disaster happened. It is needless to say he is happy at their narrow escape.

## WHEN THE EARTH-QUAKES CEASE

Life Will be Extinct, Priest Says.

"Earthquakes are a sign to the people of the globe that they may hope for life. If one understands something of the causes which produce them he will know that each such disastrous upheaval as brought woe and devastation to San Francisco is an indication of life in the earth."

This was the statement of the Reverend Martin S. Brennan, priest-scientist, yesterday as he discussed the probable cause of the San Francisco earthquake.

"Though each such cataclysm of nature brings with it death to thousands," continued Father Brennan, "it is but a drop in the ocean compared in the extinction of the human race, which will follow the cessation of the causes of the earthquakes."

"When earthquakes have been rendered impossible it will have been because the formative period of the earth has passed. It will be then that our planet will have become cold, desolate and lifeless as the moon. When that day comes no life, animal or vegetable, can exist on the earth. The forces of the earth will have ceased their activities, and the globe will rest in the quiescence of lifelessness."

Father Brennan said that it is a fact well known to geologists that an area of 12,000,000 miles of the Pacific ocean is sinking, and has been sinking for many hundred years, at the rate of half an inch each year. Correspondingly the North and South American continents have been rising to maintain the equilibrium.

"If it happens," said he, "that part of the earth's crust is too stiff, it would hold the sinking part up for a time until its own weight would cause it to slip. It is this slipping of enormous parts of the earth's crust which causes the earthquake waves. I believe that the great San Francisco horror is due to this cause, especially as that unfortunate city is adjacent to the area of the Pacific ocean which is yearly sinking."

Father Brennan explained that the proof of the gradual leveling of the Pacific ocean exists in the numerous "atolls," or coral reef fringes, which are to be seen today in the ocean.

"Volcanic islands have existed in the Pacific ocean. Around them coral reefs were built, the little creatures forming the reefs in the shallow water close to the shore."

"In course of time, with the gradual sinking of the ocean's bed, these islands sank beyond the water's surface. The coral, with the instinct of preservation, however, was able to build as rapidly as the gradual sinking progressed."

"From year to year this building up of the atoll, or coral fringe, which extends around the outline of the sunken island, goes on and furnishes for geologists the standard of measurement by which to gauge the distance which the ocean bed has sunk in a given period. It may be measured in this way with a tape line."

"This sinking is not perceptible to the senses, and it is only when the firmness of a part of the earth's crust holds a sinking part suspended for awhile, only to drop it when its weight becomes too great, that it becomes any menace to the inhabitants of the earth."—St. Louis Republic.

## Pushing Forward.

Contractor George Weikel continues pushing forward his men who are excavating down underneath the first floor of the Palmer where the basement will be converted into serviceable rooms, for laundry, storage, ice and other purposes. It will take several weeks yet for him to complete the undertaking because he cannot get many wagons down in the basement at once, it not being like excavating out in the open, as only one vehicle can get in the passageway at the same time.

Deputy U. S. Marshal Wade Brown returned from Ballard last night.

## INTERSTATE CONTROVERSY

### PRESIDENT JOYNER SENT OUT UNAUTHORIZED LETTER.

The Paducah Officials Took Quick Action and Notified All Bodies the Meeting Would Be Held Wednesday.

It seems that President Joyner, of the Odd Fellows' Interstate association, is determined to postpone the date for holding the gathering, which was originally outlined to occur in this city the coming Wednesday. The determination of the president to postpone, however, is not proving any stronger than the intention of the Paducahans and others that the session will be held next Wednesday, and all lodges are being notified of this effect now by circular letters, which were mailed them yesterday by the local brethren.

President Joyner has been trying to postpone the session for one week from next Thursday, for some reason, and was here several days ago, conferring with the Paducahans, but the latter refused to entertain this proposition in any form, on the ground that they had no authority whatever to alter the date, because the last annual gathering of the interstate ordered that the coming meeting be held on April 26. Despite this rejection of the postponement idea, the president has gone back to his home in Carbonate, Ill., and sent out a circular letter, to all the lodges within a radius of 100 miles of the city, announcing that "the officers" of the interstate had postponed the session until April 3. One of these letters reached here yesterday, and quick action was taken, because all the officers of the body, outside the president, reside in this place, and they did not authorize Mr. Joyner to herald to the other bodies that the interstate had been held off one week. Mr. Ben Weille, of this city, is secretary of the interstate, Mr. Charles Smith, the treasurer, and Mrs. S. D. Whitmer, the vice president, and they got up a letter yesterday, which they mailed to every subordinate lodge, notifying them that the gathering would most positively be held here next Thursday, and not postponed until April 3, like President Joyner, for some reason, is trying to force on the balance of the officials.

The Paducahans deplore the unauthorized attitude taken by President Joyner, and have received assurances from many outside lodges that "all will be here on the 26th to celebrate the occasion, and pay no attention to the April 3 date, which cannot be accounted for."

## CLOCK PATENT.

Jeweler Ernest Sartor Seems to Have a Pretty Good Thing.

Word was received here yesterday morning from Washington, D. C., announcing that a patent had been granted Mr. Ernest Sartor, the jeweler formerly of here, but who is now in business for himself at Lincoln, Neb. While here he was with the Joe L. Wolff establishment, and the patent he got was for an "automatic beat regulator for pendulum clocks, and it is pronounced one of the most needed inventions of the day."

Clocks with pendulums will not run properly if the clock happens to be tilted to one side and thereby thrown out of straight-up alignment. By an automatic arrangement Mr. Sartor has made it so that even if a clock is tilted over a little, the pendulum will continue swinging back and forth regularly and keep proper time. He has already received handsome offers for the patent.

## New Concret Home.

Architect O. D. Schmidt has finished drawing the plans for the handsome concrete residence that Mr. S. W. Dodd will erect on the corner of Monroe street and Harahan boulevard. The plans will tomorrow be given the contractors to figure over. The house will cost in the neighborhood of \$3,000.

## They Were Hoodooed.

Last evening an old negro woman claimed to Officer Cross that she and her son had been "hoodooed" by a strange negro at their home up on the North Side beyond Trimble street. The officer took the woman, her boy and "doctor" to the city hall, but they were released.

## Baseball

### AT WALLACE PARK YESTERDAY.

Evansville Failed to Score—Paducah Pitchers Had Hoosiers at Their Mercy.

There was a good crowd out to see the second game of the Evansville-Paducah series played, and the crowd came back in great good humor with itself and well pleased with Big Chief Lloyd's band of Igorrotes. They put it all over the gentlemen from the classic banks of Pigeon creek, as the score will show.

Honors are even now, and the tug of war will come this afternoon. A great crowd should be at the park to root for the home team and to size them up, as the league season opens May 4, and this will doubtless be the most exciting contest until then. Long and Brahie both had excellent control of the ball, and were ably assisted by the infielders. Brahie was also handy with the bat, and did some clever work stealing bases. Some fault was found with Umpire Griffin on one or two occasions. South and Haas have a double play to their credit, and Taylor swiped the sphere for a three-bagger.

## Nervous, Like We Were.

It is with anxiety that the fans await Saturday, when the first game of the season will be played. Keokuk will be the local's opponent, and judging from the results of the two games at Keokuk, Jacksonville should win. Keokuk, however, has been playing a number of fast teams during the week, and may spring a surprise on us.

The Jacksonville "Lunatics" went to Springfield this morning, and are playing a game with the Three Eye league team of that city this afternoon. The papers around the Three Eye league circuit are giving Springfield credit for being the strongest team in the Three Eye league this year, and say that Donnelly's bunch has a good chance to carry off the pennant this year. Although they are always ahead of us in the matter of practice, and we have practically no regular infield, Belt expects to make the Springfield team play some ball to beat him. He took twelve men and probably Fox, who is a Springfield boy; Allen and Lindley will occupy the rubber for Jacksonville. If Lindley has control he should be an effective man against Springfield, as the team has a number of left-handed hitters.—Jacksonville Courier.

In Sunday's game with Keokuk, "Dummy" Hughes was up three times and "copped" out three hits, one of them a three-bagger. When Cairo

released "Dummy" to Belt it was with the guarantee that he could out-hit anything in the Kitty and field his position better than any first-baseman in the league. Belt doubted that Cairo would let such a good man go, but "Dummy" had been with Cairo three years, and Cairo wished to keep the word given that it would help the new members.—Cairo Bulletin.

## HEAVY CROP.

Captain Browne Believes This Will Be Attained by the Farmers.

Captain James Browne, the life insurance man, returned yesterday from a trip to Lovelaceville, Blandville and other points, and says that he believes the fruit crop this year will be the largest for a long while, as no very cold spells have come to kill the blossoms. He reports the trees burdened with blossoms, and indications are for a very heavy production this year.

## INVESTIGATED DEATH.

Mrs. Hattie Webber Died of Natural Causes, Said the Jury.

Yesterday morning Coroner Frank Eaker went back up the mouth of Clark's river to investigate the death of Mrs. Hattie Webber, wife of Fisherman John Webber. The coroner held an inquest, which decided the woman had died of natural causes. Bruises had been found on her body, but it developed this was caused by falling, while the testimony revealed showed that she died of a smothering spell, without attendance of a physician. For a while the death was looked upon as suspicious, but this is now cleared away.

Mr. William Hardy left yesterday for Cincinnati on business.

## ORGANIZE ALUMNI

GRADUATES OF PUBLIC  
SCHOOLS PREPARING TO  
DO THIS.

Meeting Looking Towards Organ-  
izing Will Be Held With Super-  
intendent Lieb Next Friday.

The graduates of the Paducah high  
school are preparing to organize an  
alumni, to include the names of ev-  
ery person who has graduated from  
the public educational departments,  
no matter for what year. A meet-  
ing will be held at 3:30 o'clock next  
Friday afternoon at the office of  
Superintendent C. M. Lieb in the  
Washington building on West Broad-  
way, at which time steps looking  
towards organizing will be taken, and  
a most cordial invitation is extended  
to all graduates to be present and  
take part in the preliminary details  
looking towards effecting the organi-  
zation. Of course, there will also be  
admitted to membership those who  
graduate this year, and then each  
year thereafter, as the pupils finish  
their scholastic course, they will be  
admitted to membership.

An alumni never existed in this  
city amongst the graduates, and  
great interest is being centered in the  
prospective organization that will  
doubtless have several hundred mem-  
bers. After the association is gotten  
up it is probable dues of \$1 per year  
will be charged, while the graduates  
will also give entertainments for the  
benefit of the organization.

All the graduates who are desirous  
of joining the alumni are requested  
to telephone their names to Superin-  
tendent Lieb or Prof. Payne.

## CURFEW RINGS

ONE WEEK AFTER TOMOR-  
ROW IT SOUNDS ONE  
HOUR LATER.

The Law is Not Enforced in the  
Slightest Sense by the Muni-  
cipal Authorities.

The young American will, after one  
week from tomorrow night, be en-  
titled to remain undisturbed upon the  
public streets one hour later, than  
for the past six months, as May 1st  
the curfew does not sound until 9  
o'clock and continues blowing at that  
hour until next November. From  
May 1st to November 1st it blows at  
9 o'clock, while from November 1st  
to May 1st it sounds at 8 o'clock  
each evening.

The law is not enforced in any  
sense of the word, though, as at all  
hours of the night up until 12 o'clock  
little kids can be seen hanging  
around upon the public streets, doing  
as they please and paid no attention  
by the policeman.

One well known citizen yesterday  
said that of all laws this one should  
be more rigidly enforced than any  
other upon the city books, as it tends  
to have a bearing upon the future  
generations, as by making the chil-  
dren comply with the law and get  
home by a reasonable hour, they are  
kept out of mischief and do not learn  
the tricks that usually fall to the lot  
of the "night owl" boy.

The ordinance provides that each  
kid shall be fined a certain sum if  
found on the street after the curfew  
rings unless he has gotten a written  
excuse from his parents.

in the interest of the union, and will  
lecture in Paducah on Tuesday  
evening May 15.

Mrs. Balch is a woman of marked  
ability. She has had a wide expe-  
rience as a speaker and never fails to  
hold her audience. Her coming will  
be awaited with great interest by  
the local union.

### WORK OF THE W. C. T. U.

Program of Rescue and Prison  
Mission—Distribution and Visita-  
tion—Homes for Homeless—Meals  
For Hungry—Employment for  
Orphans.

### (Communicated.)

The meeting of the W. C. T. U.  
at the First Baptist church last  
Thursday afternoon was a most im-  
pressive one. The president, Mrs.  
Eliza Puryear, opened the meeting  
by reading the third chapter of  
Proverbs, following with prayer that  
the divine blessing might rest upon  
the leader for the afternoon and her  
work.

After the roll-call, Mrs. Ida B.  
Chiles, superintendent of the depart-  
ment of rescue and prison work,  
read the first ten verses of the  
sixth chapter of Galatians and stated  
how much this lesson had helped  
her in her life and work. Follow-  
ing this she presented her report of  
her work since the first of March,  
consisting of four visits to the city  
hospital, two visits to the almshouse  
holding religious service each time  
and distributing 100 papers, three  
visits to the county jail holding re-  
ligious service twice and distribut-  
ing 150 papers, twelve visits to pri-  
vate homes where consolation was  
needed and holding religious service.  
Places were found for ten women  
needing employment and good  
homes for five orphan children. Be-  
sides this she has furnished 50 meals  
and 20 lodgings to unfortunate or  
homeless people.

Mrs. Chiles' account of her rescue  
work and of the obstacles with  
she has to contend, reveals a fear-

## The Complexion Beautifier

**Nadinola** is guaranteed, and money refunded if it fails to remove the very worst cases and beautify the complexion in twenty days.

Mrs. Edward Jones, of Mount Sterling, Kentucky, writes:  
"I feel it my duty to tell you the benefit Nadinola has been to me. I have suffered untold mortification with freckles, since childhood. Having used all the highly recommended creams and lotions, with much hesitancy I bought your entire treatment. After giving it a fair trial I most heartily recommend it, for it's worth its weight in gold to any woman having freckles. Your Nadinola is the only thing I have ever used with success. Your Nadinola Face Powder is grand. Wishing you the deserved success, I am sincerely."

ful condition of certain portions of the city. It seems most incredible that such conditions can be possible in a town no larger than Paducah. It is to be most earnestly hoped that the project to convert one lurid plague spot into a public park will succeed, as it is now breeding a pestilence, that unless checked, will in the near future cause such a social upheaval and bring sorrow to so many homes as will be appalling. Instead of a few brave, heroic souls laboring to combat this evil, the entire body of Christian people should demand in thunder tones that this den of iniquity be trampled out.

As the darkest cloud has a silver lining Mrs. Chiles referred to the more Christian spirit now manifested towards the erring who desire to return to a better life. The better class of Christian women are now extending a helping hand where it is so greatly needed, instead of withdrawing their skirts and passing by on the other side as was the custom in former years.

Every one present was most deeply impressed with the report and the importance of the work. The next meeting of the union, Thursday afternoon, April 26, will be devoted to the department of social purity, of which Mrs. Jettie M. Elliott is the superintendent.

If the Christian women of Paducah could be made to realize the importance of the work of the W. C. T. U., they would not allow anything to take its place. The union is one of the strongest allies of the church and should be so recognized. It is so recognized wherever its work is properly understood. That it is not properly understood it is not the fault of the union. It is not a secret organization. Its doors are always open and visitors and friends always welcome.

### Payments During Four Weeks.

The Old Mutual Life of New York paid during the four weeks of February, 1906, \$2,000,000 in round numbers, in death claims and matured endowments to policy holders. No other company can show a record approaching this. In the two essential points of strength, assets and surplus over all liabilities, the Mutual Life stands first. ### Claim Notice.

McCracken Circuit Court, F. G. Redolph, administrator of Ida Ethel Hessig, deceased; plaintiff, vs. petition in equity, H. T. Hessig, etc., defendant.

Ordered that this action be referred to Cecil Reed, master commissioner of this court to take proof of assets and liabilities of the estate of Ida Ethel Hessig, deceased, and all persons having claims against said estate are required to properly verify and file same, before said commissioner, on or before the 5th day of May, 1906, or they will be forever barred from asserting any claim against the assets in the hands of the administrator, unadministered; and all persons are hereby enjoined and restrained from collecting their claims against said estate except through this suit. Ordered that this order be published in The Paducah Daily Register as required by law.

Given under my hand, as clerk of said court, this 12th day of April, 1906.

### THE KENTUCKY

Thursday Night.....  
....."The Eagles Minstrels."  
Saturday Matinee and Night.....  
....."Dora Thorne."

If the engagement of the New York Symphony Orchestra proves as successful as present indications suggest, there is every likelihood of an annual visit of this famous organization being assured. Mr. Damrosch and his players will be heard at The Kentucky May 5th under the direction of London G. Charlton, the well known New York manager. The programme which has been announced is unusually attractive, while the solo features are bound to arouse more than ordinary interest. The Damrosch's concertmaster on the present tour is Mr. Alexander Saslavsky, a violinist of rare attainments. Saslavsky is a Prussian by birth, a graduate of the Imperial Conservatory, Vienna, and he has been associated with the famous orchestra leader since coming to this country ten years ago. His solo playing is marked by fire and dash and with all the Slav's innate sense of expression. Another member of the organization who frequently appears as soloist is Mr. Leo Schulz, cellist, a Polish musician who came to America when Mikisch first appeared as leader of the Boston Symphony.

Lovers of the good and beautiful in fiction will no doubt be gratified to learn that an opportunity will be given them to follow the career of gentle "Dora Thorne," the story that made Bertha M. Clay famous, in a dramatization which has been put forth for the first time this season. Who have not laughed and cried with the fortunate and still unfortunate, Dora, following her through her lovers, hopes and vicissitudes with deep hearted interest; and when the story of her life was ended, laying it aside reluctantly as though parting from a beloved friend. And then the beautiful little twins, the manly and impulsive Ronald, Earle, the statuesque Valentine Charteris; all the well known characters come to life and tell the beautiful story all over again. This play may well be termed "pure as the lilies" refreshing and wholesome, and is surely a play for all reaching all and pleasing all in its direct touches into the hearts and home life of the rich as well as the poor. The splendid production will be seen at The Kentucky next Saturday matinee and night.

#### Circus This Week.

An exciting feature act, which any other amusement enterprise would charge a high price of admission to exhibit, Cole Brothers United Shows, to be seen Friday, April 27th in Paducah, offer absolutely free as an out-in-the-open air attraction. It is advertised as "spanning death's arch" and judging from the information at hand it is a real blood-chilling thriller. Twice daily, immediately after the street parade and again at 6:30 p. m., Mademoiselle D'Zizzi, a Parisian belle, is raised to the very apex of a towering frail wooden inclined plane where she mounts a slender bicycle and then plunges at lightning speed apparently to her doom. Thirty feet from the ground the structure curves upward for a short distance and then abruptly ends. At this point the great momentum attained by the fearless rider's bike sends both onward into space and high above the backs of a herd of elephants. For 55 feet Mlle D'Zizzi skims through the air as graceful as a bird, she and her machine describing a half circle over the chasm, in which grim death seems lurking with arms outstretched to greet the expected victim, landing safely upon the second section of the narrow path and thence riding to terra firma. Again has this intrepid young French beauty accomplished that which no other women ever attempted and is bowing and smiling her acknowledgments to the cheering thousands of onlookers, whose very hearts were fairly stilled during her flight.

#### OPEN THE CASINO.

Manager Malone Says It Will Be About May 21 Before Season Starts.

Manager William Malone, of the Casino at Wallace park, wants to get his summer playhouse opened for the season May 15, but does not believe this will be accomplished, but says it will be open by May 21 at the outside.

The playhouse is now being gotten in first-class condition, and a successful season is promised.

It cost 13 cents to go by trolley cars from Tokio to Yokohama, the port of the Japanese capital. Cars start every five minutes from 5 in the morning to 11 at night.

## COUPLE TO GET FURNITURE

CARNIVAL PROMOTERS HAVE FINE PRIZE FOR THE MARRYING PAIR.

The Cosmopolitan People Close Their Week's Performances at Jackson, Tenn., Tonight.

The spring carnival promoters have purchased an \$85 suite of furniture from the Rhodes-Burford establishment of North Fourth street, and will present this set to whatever couple consents to be married in public on the festival grounds during the carnival week. The intention of the entertainment promoters is to make this wedding a drawing feature for the carnival, and any matrimonially inclined pair desiring to capture the prize can notify Secretary Rodney C. Davis of the company at his office on South Third street. Only white couples, candidates for matrimony, have already been decided upon.

The suite is on display at Rhodes-Burford, where it can be seen by anybody. The couple will be married at 10:30 o'clock, the evening of Tuesday, May 1, on the grounds, in full view of everybody.

The Daughters of the Confederacy have agreed to take control of the Country Store during the carnival. Last evening the Cosmopolitan company closed its week at Jackson, Tenn., and went to Paris, Tenn., where they exhibit this week. The week following they come to this place.

## TWO DAYS WAS ENOUGH

EVA DURRELL SAYS HER HUSBAND DID NOT REMAIN LONG.

No Session of the Police Court Yesterday Morning—Other Tribunals.

Yesterday morning in the circuit court the divorce suit of Eva Durrell against Henry Durrell showed that the latter had enough of married life after two days matrimonial bliss as the wife in her petition for divorce says they married in Illinois February 1st, 1904, and her husband deserted her two days thereafter. For this she wants dissolved the ties binding them together.

#### No Police Court.

Account of no arrests having been made the proceeding twenty-four hours, there were no prisoners before Sanders of the police court yesterday morning, hence no need for a session. For the past few days now the judge has found it unusually quiet in his line.

#### Quiet at Courthouse.

It is very quiet at the county courthouse, nothing at all going on around there yesterday. The dullness was more noticeable because Judge Reed has just finished with a lively criminal term. Tomorrow he starts the civil session and things will be busy for six or seven weeks.

#### Certificate of Election.

Col. Edward O. Leigh of Frankfort, filed a certificate with the county clerk yesterday, stating that he continued maintaining this city as his place of residence, and would vote here. He is private secretary to Governor Beckham at Frankfort and the law provides that anyone going to the state capital to take a public position, can continue maintaining the home in their old city and vote there, provided they file with the county clerk a certificate evidencing their intentions.

Miss Carrie Runge filed her commission as a notary public, and qualified before the county clerk.

#### Schwab Case.

Yesterday it was stated the \$2,600 claim of Mrs. Moses Schwab against her husband, was due for the stock of clothing she turned over to her husband, but this was an error. The money is due her for cash she loaned her husband.

#### Case Under Advisement.

Justice John J. Bleich yesterday heard the evidence in the warrant charging James McKinney, of the county, with obstructing a public highway by building a fence on to the thoroughfare. After finishing with the testimony the magistrate took the proceeding under advisement, to render his opinion within the next day or two.

#### Regular Court.

Justice Bleich tomorrow morning convenes his regular monthly term of magisterial court and will be busy trying actions the balance of this week.

## FEED DOGS TO THE IRROCOTES

THIS BAND LEAVES CARNIVAL HERE AND GOES TO WHITE CITY.

The Little Foreigners Will Prove an Interesting Display, as They Eat Sure Enough Dogs Here.

Secretary Rodney Davis, of the spring carnival company, yesterday received word from the Cosmopolitan company that furnishes the attractions here next week for the festival, stating that when the entertainment closed here the band of forty Igorrotes leaves the carnival company and goes to Chicago to enter "The White City," where they will be exhibited during the summer months.

The Cosmopolitan people also said that if desired by the Paducahans and the Igorrotes would be fed dogs to eat for two days while they are in the city. The band partook of this meat when first at the St. Louis World's fair, but it was stopped in a few weeks. This is their most delicious meal down in the Philippine Islands, from whence they hail, and they will be given all the varied kind of animals here.

In another column of this issue will be seen a large cut of the famous band, while the following is their menu for a meal:

## READY TO RESUME PUBLIC WORK

CONTRACTOR GEORGE GARDNER RETURNED YESTERDAY.

Monday Morning He Begins Digging Up Kentucky Avenue at Fourth Street.

Contractor George Gardner of the firm of Robertson & Gardner, returned Friday morning from Hopkinsville, Ky., where he has been the past week or ten days winding up his business at that city where he constructed the system of sanitary sewerage and ready to start the work on the storm sewers that are to be laid on Kentucky avenue and Jefferson street.

The pipes for the storm sewers here, have arrived from St. Louis and have been placed for handy use when needed. Mr. Gardner yesterday announced that he would tomorrow morning start digging up Kentucky avenue with about sixty men and put down the mains as rapidly as possible. Completing that thoroughfare, he commences at Fifth on Jefferson and lays similar mains out as far as Ninth and then on Sixth, Seventh and Ninth between Kentucky and Jefferson.

#### WOMAN'S "NO" IS COSTLY

Schwab Pays \$5,000,000 Instead of \$1,000,000 for Her Husband's Mine.

Goldfield, Nev., April 19.—The talk of the camp is the woman's "No" which cost Charles M. Schwab \$4,000,000 and increased her husband's bank account by that amount. The wife of Robert Montgomery said it. When Charles M. Schwab became convinced that Nevada had a bright future he took a survey of the mineral resources of the state and encountered Bob Montgomery, a plain-spoken man and owner of the Montgomery Shoshone mine. "I offered him \$1,000,000 for it about two years ago," said Mr. Schwab, "and he was about to take it. In fact, I considered the deal closed. He went to San Francisco and the first thing I knew Mrs. Montgomery had persuaded him to withdraw from the negotiations. Nothing was heard of the matter for nearly a year and I made another trip out there. I went to San Fran-

With the warm weather there comes the "summer abomination" in the form of the electric light bugs, as thousands of them swooped down upon the city yesterday and proved the usual nuisance they always are. ## LOCAL NEWS IN BRIEF

—Miss Jennie Higgins and Mr. R. H. McWaters, of Grand Rivers, arrived here yesterday, accompanied by Mr. and Mrs. C. R. Ferguson. The party went on to Metropolis, where the former couple were married.

—Mr. Charles Rodfus, of Third and Kentucky avenue, is confined to his bed with inflammatory rheumatism. Mr. Thomas Boswell is looking after the business while the other is ailing.

—The bridge closest the Union depot, on Caldwell street, has been in a dangerous condition, and City Engineer Washington would not permit street cars or other vehicles to pass over it. The engineer looked at it again yesterday, and, believing it safe enough for the cars to pass over, gave permission for this, and now the cars are going all the way to the depot.

—Walter Rhodes continues improving at Riverside hospital, but it will be several days before he can be removed back home.

—The Red Men hold tomorrow night their special meeting to initiate many candidates.

—The aldermen tomorrow night hold their adjourned meeting, that was postponed over from last Thursday night.

—Rev. J. L. Perryman yesterday resigned his position with the Rhodes-Burford establishment, to take a place in the office of Mr. Joe Hughes, the insurance man of the fraternity building.

—There will be some high diving at 2:30 o'clock at the Iland Creek bridge at Fourth and Broad streets.

—Tomorrow signs will be put up at the courthouse yard, informing the public that anyone walking across the grass will be fined.

—The Eagles lodge has changed the date of the minstrels from Next Wednesday night to next Thursday night, as Thursday the Odd Fellows held their interstate meeting here.

—The Central Labor body holds an important meeting at its hall on North Fourth street.

## WARNS HIS BAR PATRONS

"Honest Saloon Keeper" Issues a Card Showing Evils of Drink.

Tombstone, Ariz., April 16.—Tombstone claims to have the frailest saloon keeper in the United States. He keeps the Temple Bar saloon and ad-

vertises his business in a remarkable manner. He has had cards printed bearing the following words:

"Friends and Neighbors: I am grateful for past favors and having supplied my store with a fine line of choice liquors allow me to inform you that I shall continue to make drunkards, paupers, and beggars for the sober, industrious, respectable part of the community to support. My liquors will excite riot, robbery and bloodshed.

"They will diminish your comforts, increase your expenses and shorten life. I shall confidently recommend them as sure to multiply fatal accidents and incurable diseases.

## Must Support His Family.

"They will deprive some of life, others of reason, many of character and all of peace. They will make fathers fiends, wives widows, children orphans and all poor. I will train your sons in infidelity, dissipation, ignorance, lewdness and every other vice. I will corrupt the ministers of religion, obstruct the gospel, defile the church and cause as much temporal and eternal death as I can. I will thus 'accommodate the public'—it may be at the loss of my never-dying soul. But I have a family to support, the business pays and the public encourage it.

"I have paid my license and the traffic is lawful, and if I don't sell it somebody will. I know the bible says: 'Thou shalt not kill, no drunkard shall enter the kingdom of heaven,' and I do not expect the drunkard maker to fare any better, but I want an easy living and I have resolved to gather the wages of iniquity and fatten on the ruin of my species.

## Resolved to do Business.

"I shall therefore, carry on my business with energy and do my best to diminish the wealth of the nation and endanger the safety of the state. As my business flourishes in proportion to your sensibility and ignorance I will do my best to prevent moral purity and intellectual growth.

"Should you doubt my ability I refer you to the pawnshops, the poor-house, the police court, the hospital, the penitentiary and the gallows, where you will find many of my best customers have gone. A sight of them will convince you that I do what I say.

"Allow me to inform you that you are fools and that I am an honest saloon keeper."

## RAM BUTTS IN ON A BULL

Saves Life of Master Who Was at the Bigger Animal's Mercy.

Middleton, N. Y., April 20.—Timothy Freelove, always boasting that he was beholden to none, thanks his stars today because one of the humble "butted in" at a crisis in his affairs. He has for many years been farming near Leonard Center and all Orange county knows him.

Once he was spry upon his feet, but when his belted Holstein bull which he was leading to water knocked him down he found it hard to regain his balance. The Holstein retired a few paces, scraped the turf, lowered his head and was ready to charge the helpless farmer. It was in the middle of a ten acre lot and no human aid was nigh.

Just as the last snort had been given by the king of the meadow there was a swift flash of dull gray and curled horns. Something struck that bull right in the middle of the forehead, backed away, made a swift detour and came at him again from the rear. The Holstein ran like a creature possessed of many devils. He was pursued by what looked like a moving blur. Then his front legs nearly collapsed under him.

Freelove got to his feet as quickly as he could and gained the refuge of the road. There he saw a frightened bull bellowing and dodging about a yard in advance of Dan'l, a Dorset ram, which had gained entrance through a break in the fence and had gone to the rescue of his master. The bull finally sought refuge at the top of a large heap of stones, up which the ram could not charge. The Dorset was finally calmed away from the scene of hostilities.

"I always set a heap o' store by Dan'l," said Freelove, "and I hereby give it out that I pension the critter for life."

## LAKE UNDERLIES THE CITY

Charlestown, W. Va., Alarmed and the People Flee in Terror.

Richmond, Va., April 20.—Charlestown, W. Va., located just across the state line from Winchester, is in a ferment of excitement over the discovery of a tremendous subterranean lake and cavern directly beneath the town and near enough to the crust of the earth to make the situation precarious to the inhabitants.

Men blasting made the discovery of the lake cavern when the discharge caused the earth to crumble and fall in, leaving a great hole. J. M. Mily of the Standard Oil Company, together with a party of the workmen, ventured into the cavern, exploring it for a considerable distance. They discovered the presence of a lake, and, returning to the surface, procured a small boat in which they rowed about for several hundred yards. They were afraid to venture farther into the bowels of the earth without procuring lights and taking proper precautions and safeguards to facilitate their return.

Mily in an interview said that there are limestone formations in the cavern similar to those in the noted Luray caverns. The water of the lake is remarkably pure and is cold and sweet to the taste.

An expert with electric lights made a further exploration of the cavern, confirming the report previously made by Mr. Mily. He was unable, however, to go across the lake, the extent of which is therefore unknown. Since the cavern runs from the point of discovery directly under the city of Charlestown, the inhabitants are in a ferment for fear lest the ground fall in, burying or drowning them and destroying their property. Many people have already left the city and sought temporary homes in other localities.

A systematic exploration of the cavern will be instituted and continued until the work is done. In the meantime experts will be called upon to solve the problem as to whether there is any danger to the city.

telegram from his son, Mr. Seibert Lee, who wired from Louisville that he passed the state board of pharmacy examinations, making an average per cent of 92. This shows that the young man thoroughly understands pharmacy, which he has been studying for the past few years in the college at Louisville. He went before the state board to stand the test, and was granted a certificate, enabling him to practice his profession. He is one of the most popular young fellows of this city where he immediately returns to enter his business.
